

ROAM'ing Towards Success in Mapping the Eradication of Invasive Pests in the US.

By Julia Harrell, Kevin J. Davis, and Eugene Pepper

United States Department of Agriculture (USDA) / Animal and Plant Health Inspection Service (APHIS) /
Plant Protection and Quarantine (PPQ) Field Operations

Please Note: This slide is merely a placeholder for the full presentation, which will be completed at the end of the initial ROAM project deployment, in early March, 2016.
